Yoshitake Sakura

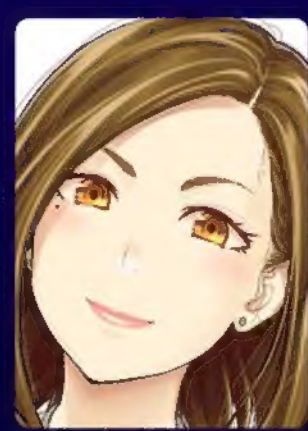
Faithful only to his desires and as perverted as they come...for a virgin. He's going out with Haruka, but he promised Lune that his first time will be with her!

Haruka Yuizono

Yoshitake's kouhai at work and current girlfriend—an arrangement as problematic as the alien-virginity love triangle she's in!

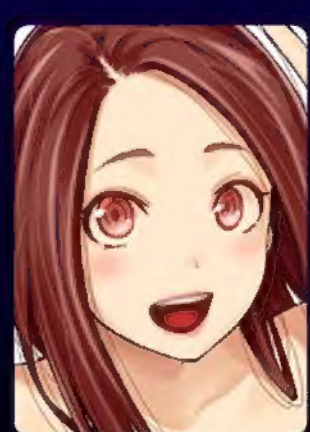
Levelane

Lune's younger sister. Not a fan of Yoshitake.



Mika Kimijima

Yoshitake's senpai at work and ex-girlfriend. Due to her dramatic makeover, Yoshitake doesn't realize the latter fact.

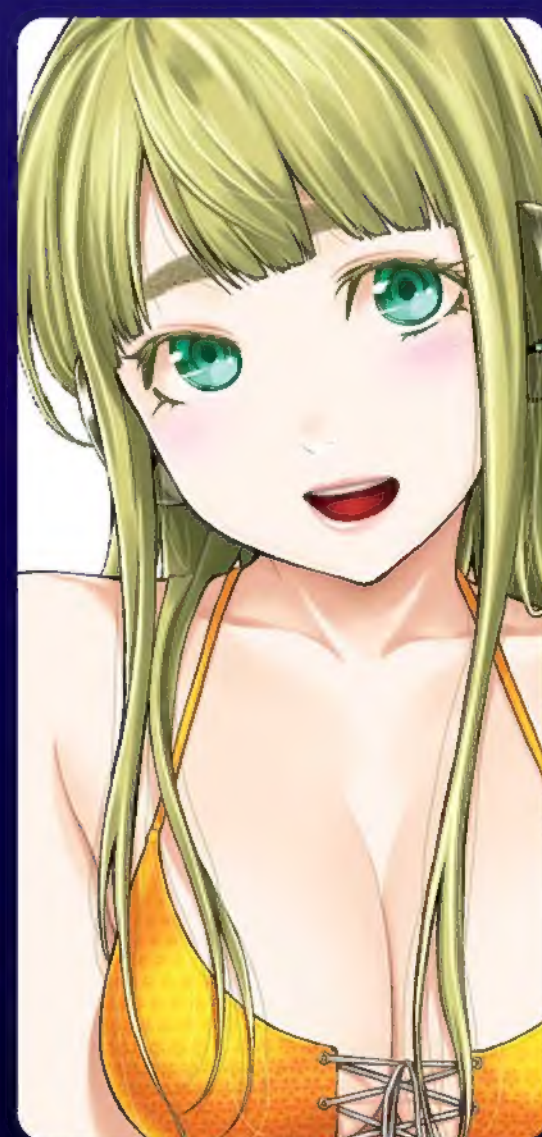


Kino Kadokura

A ghost that haunts the home everyone shares. She can possess other humans. Has a voyeur fetish.

Kino Kadokura

Another big tiddy Supopoponian. Works with Yoshitake at his job. Feels that Lune is her rival. Her real name is Rimmaeje.



Lune

Supopoponian by birth, she's been sent to Earth in order to save her planet from extinction due to passive males. Lune must be impregnated by a virgin with an insane sex drive, but when she gets embarrassed, she reverts back to her original form. Thus, she's having a difficult time completing her mission.

READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!

Cumming and Going!

Lune, the gorgeous xenomorphic alien, cannot conquer her shame and mate with the horny yet virginal Yoshitake. And now the house is full of competition—Haruka Yuizono, Lune's sister Levelane, Mika Kimijima, and Kino Kadokura. Not to mention, Yoshitake's also going after other women all the time!! Have we mentioned the sexy ghost?

Then arrives Rimmaeje, another Supopoponian here on Earth, to get the jump on Lune and jump on Yoshitake! Which buxom beauty will save their world, or will Yoshitake rock the world of a mere Earthling first and ruin everything?!
